

LOUIS MARIO SANTIAGO

WEB DEVELOPER

Malolos City, Philippines | +639919691303 | louismariosantiago@gmail.com | linkedin.com/in/louismario

OBJECTIVE

Recent BS Information Systems graduate seeking a Junior Web Developer role. Familiar with HTML, CSS, and JavaScript, and looking to improve my skills while gaining experience in web development.

EDUCATION

Bachelor of Science in Information Systems
Richwell Colleges, Inc. San Jose, Plaridel, Bulacan

August 2026

PROJECTS

Marci Metzger Website Redesign - Hiring Assignment

September 2026

- Redesigned the homepage using HTML, CSS, and JavaScript.
- Added navigation, image sections, and interactive features.
- Hosted the project using GitHub Pages.

LuckyHand - Rock, Paper, Scissors Game

- Built a rock, paper, scissors card game using HTML, CSS, and JavaScript.
- Added a score board that shows wins, draws, win rate, and win streak.
- Added a switch card option and a reset button.
- Hosted the project using [GitHub Pages](#).

Computer Repair Tracker

- Built a repair tracker using HTML, CSS, and JavaScript.
- Added tickets with customer, device, and repair status, from Pending to Completed.
- Added search and status filters to find tickets quickly.
- Added a dashboard that counts tickets by status.
- Saved tickets on the device so they stay after the page is closed.
- Hosted the project using [GitHub Pages](#).

CERTIFICATIONS & LICENSES

- Responsive Web Design - freeCodeCamp

SKILLS

- HTML; CSS; JavaScript
- Team Collaboration; Problem Solving; Attention to Detail

EXPERIENCE

Bulacan Parole and Probation Office 1 (OJT)

March - June 2026

Capitol Compound, Malolos, Bulacan

- Organized legal and office documents to speed up case processing.
- Encoded case information and kept records accurate for easy access by staff.
- Filed, sorted, stamped, and retrieved official documents.
- Supported staff with daily office tasks.
- Kept sensitive records private and secure.
